*Wednesday, April 28, 1999*

Dear FDA representatives,

We believe that the public has the right to know if any food including meat, poultry and produce is affected by any of the following: Irradiation, Antibiotics, Growth Hormones, Pesticides, Herbicides, etc. We also believe that it is the responsibility of the United States government and the United States food and agricultural industries to make sure that the public has access to this information via labels on foods.

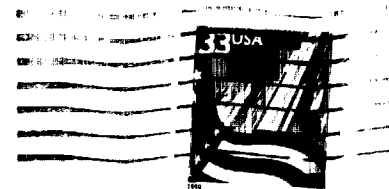

Sincerely,

  
Glen W. Jackson  
Susannah J. Kist
